Scientific Machine Learning
Thrust 0
Exp. Campaign
Thrust 1
Two-Phase Nucleation
Thrust 2
Mass Flows
Thrust 3
Wall Heat Transfer
Thrust 4
Reconstructing Flows
Thrust 5
Flow Instability
New understanding about *nonlinear, transient, multiphysics* during phase change process based on *multidimensional* and *multimodal* datasets
Navy Applications:
Nuclear Reactors • Electronics Thermal Management • Shipboard Thermal Systems
Methodology
Proposed Technical Approach
Impact
